A Word From Bishop Joel and Pastor Ylawnda Peebles

Welcome to The 2025-2026 City of Praise Family Ministries Green Book!!!

We are excited to welcome you to the COPFM Green Book — a business directory created to highlight, celebrate, and support the incredible businesses, services, and talents within our congregation, extended church family, and local community. This resource is more than just a list of names; it is a testament to the creativity, dedication, and entrepreneurial spirit that God has placed in our community.

We chose to call this directory the Green Book in honor of the historic Negro Motorist Green Book created by Victor Hugo Green, which served as a vital guide for Black Americans traveling during the era of segregation. That Green Book was more than a travel resource — it was a lifeline, a connector, and a symbol of resilience and self-reliance. In that same spirit, The COPFM Green Book is here to connect us, to encourage us to support one another, and to keep our blessings circulating within our own community.

As you explore these pages, we invite you to see every business listed here as more than a service or product provider — see them as brothers and sisters in Christ, striving to honor God through their work. Whether you are in need of a specific service, looking to collaborate, or simply wanting to sow into the success of someone in our church family, we hope the COPFM Green Book will be your go-to resource. By supporting each other's businesses, we strengthen our bonds, grow our local economy, and ensure that the gifts God has given us continue to flourish.

Thank you for being a part of this journey. Together, let's keep building, uplifting, and investing in one another — because when one of us succeeds, we all succeed.

Yours in Christ,

Bishop Joel and Pastor Ylawnda Peebles

Disclaimer

All businesses listed in the Green Book operate independently. The City of Praise Family Ministries, Jericho Baptist Church Ministries, Inc. and their affiliates assume no responsibility and are released and indemnified from all liability for business and/or vendor services.

Technology

NexSav

Innovating Tomorrow's Technology Today

Your Path to Innovation in Education and Technology

About Us

At NexSav, we specialize in delivering comprehensive technology solutions that empower schools to innovate and excel. With over **15 years of experience in education and ed-tech**, we've partnered with schools across NYC to develop and implement state-of-the-art tools tailored to enhance learning, streamline operations, and improve accessibility.

Our mission is simple: To make technology work for you, today and tomorrow.

Our Services

We provide a wide range of customizable solutions designed to meet the unique needs of schools and districts:

AI-Powered Accelerators

Automate workflows, personalize learning, and translate educational materials in 80+ languages.

Web & Application Development

Create user-friendly, responsive websites and platforms tailored for students, teachers, and administrators.

Cost Optimized Cloud Infrastructure & IT Solutions

Deploy cost optimized, secure, scalable, and FERPA-compliant cloud systems for seamless operations.

Digital Content Development

Engage students and staff with interactive, visually appealing designs and resources.
